Supporting Farming Families

RABI survey

This wide-ranging survey will consider
for the first time the relationship
between physical health, mental wellbeing & the health of farm
businesses. The questionnaire takes just 15 minutes to complete
and covers key aspects of life 'on farm.'
The survey will be open to all farmers, farm workers, their
spouses, and adult-aged children **until 31st March 2021.**
You can complete the survey [HERE](#) or for those who would
prefer a printed copy to be sent to them please email
FarmSurvey@exeter.ac.uk

Thank you to our "Go To Businesses"

Government sets out its plan for agricultural transition in England

The Government has published “The Path to Sustainable Farming: An Agricultural Transition Plan 2021 to 2024” which can be accessed at: <https://www.gov.uk/government/publications/agricultural-transition-plan-2021-to-2024>

This sets out the changes that Defra will make to English agricultural policy over the 7-year agricultural transition period and explains what those changes will mean for farmers and land managers in practice.

The Basic Payment Scheme is being gradually phased out, between 2021 and 2027, and the intention is that it will become delinked from land in 2024. **The money released from the BPS Direct Payments will be re-invested into delivering new agricultural schemes in this parliament. These schemes and proposed times for rolling them out are outlined in the ATP document (link above).**

BPS Direct Payments planned reduction percentages from 2021 – 2024

BPS payment band	2021 scheme year	2022 scheme year	2023 scheme year	2024 scheme year
First £30,000 of claim will be reduced at	5%	20%	35%	50%
Next £30,000 to £50,000 will be reduced at	10%	25%	40%	55%
Next £50,000 to £150,000 will be reduced at	20%	35%	50%	65%
Rest of claim over £150,000	25%	40%	55%	70%

e.g. for a claim worth £40,000 in 2021 – a 5% reduction would be applied to the first £30,000 (£1,500) and a 10% reduction to the next £10,000 (£1,000) - so the revised payment would be £40,000 minus £2,500 = £37,500

Guide to Cross Compliance in England 2021

Farmers and landowners must follow these Cross Compliance rules if they claim for the Basic Payment Scheme, Stewardship Scheme, or the English Woodland Grant Scheme in 2021.

Green Tractor Scheme – Recycling farm plastic

Operating across all parts of the UK, this network can provide a wide range of collection options, including bulk collections, skips, bag systems and bin/ liner systems.

For further information, and contact details of the collectors in your region, click [HERE](#)

General licences for control of wild birds in England

The GWCT are reminding all farmers, land managers and gamekeepers of important changes to licensing arrangements for pest control in England which came into effect on 1st January. These general licences are “permissive”, so you do not need to apply for them, but anyone controlling pest bird species under general licences in England is required by law to abide by the terms and conditions of the licence.

Your chance to shape Red Tractor’s Farm Standards

Red Tractor have opened a consultation on how their standards should look from November 2021. Their proposals have been developed over 12 months, working in partnership with farming organisations, farmers, vets, processors, and retailers. They would like to hear **your** views, via 2 surveys (links below), **before 5th March**.

Lots of free webinars for farmers

This winter the normal programme of Monitor Farm and Strategic Farm meetings will be online. AHDB have planned a programme of "Monitor Farm Mondays" webinars and other digital Strategic Farm and Agronomy events.

Where appropriate, BASIS and NRoSO points are available for attending these webinars and information is available on the webinar events pages.

Here are links to information and booking some of the AHDB webinars that are coming up in February :-

- 1st February 7pm-8pm: [Monitor Farm Monday: Planning a fungicide strategy.](#)
- 4th February 7pm-8.30pm: [Strategic Farm: Using your soil test results to help inform your fertiliser decisions.](#)
- 8th February 7pm-8pm: [Monitor Farm Monday: Crop nutrition – including YEN nutrition](#)
- 17th February 7pm-8.30pm [Strategic Farm – Focusing on Forage](#)
- 22nd February 7pm-8pm: [Monitor Farm Monday: Data management - time saved or lost time?](#)
- 25th February 1pm-5.40pm: [Tree Fruit Technical Day](#)

Click on the link below, which takes you direct to the events page of the AHDB website where all of the webinars are listed.

[Farm events and agricultural shows | AHDB](#)

In case you missed any, recordings of previous AHDB webinars can be found on the AHDB "Online events and webinar archive" at <https://ahdb.org.uk/webinars>

Farming Advice Service webinar programme for farmers

The Farming Advice Service (FAS) invites you to attend a series of FREE webinars.

If you are unable to attend any of the live broadcasts, a recording of each one will be made available on the FAS website. For more information on the webinars go to <http://farmingadvice.org.uk/events/events/>

February 25th, 5.00pm – 6.15pm - [Agricultural Transition Existing Farm Support Schemes](#)

March 4th, 5.00pm – 6.15pm - [Agricultural Transition Future Farm Support Schemes](#)

Virtual Workshops with CFE are available to view at

"Dirt to Soil" by Gabe Brown – one family's journey into Regenerative Agriculture.

Farming Community Network

FCN have produced **"FarmWell"** - an online facility, free to use, with lots of useful information and advice to help keep your business, and yourself, resilient through changing times and plan positively for the future.

- Keeping your business resilient through change
- Providing links to the most useful and user-friendly information sources across all farm business areas, where you can find the facts to help plan successfully and efficiently.
- Helping you, your family and your staff to stay resilient through change Interesting articles, tips and programmes for keeping fit and healthy.
- Providing support and help if you need it, and guidance on how you can access additional support and mentoring, both from a business and personal perspective, should the need arise.

Advice & Support Available Across Herefordshire from the Wye & Usk Foundation

**We are still working to support farmers during these strange times
– if you need any advice please contact one of our Catchment Advisers as usual.**

Natural Flood Management Grants: There are still grants available to support delivery of action that helps increase water retention in the landscape - so far this has funded grassland aeration, subsoiling, cover cropping, attenuation ponds, hedge planting and leaky dams. The target catchments are the Dulas, Bodenham, Pentaloe, Tedstone, Cheaton, Ridgemoor, Yazor and Red/Twyford Brook. If you farm in one of the target catchments and would like to find out more please click [HERE](#) or call one of our advisers. The NFM grant is funded through DEFRA and administered by Herefordshire Council.

Water Quality: The levels of phosphate in the rivers and streams is still higher than it should be and we are working hard to support local farmers to reduce losses from agricultural sources – which still contributes 50% of the P in our rivers. We are able to provide free confidential farm advice for any yard or land management challenges you may be facing. We can provide soil structure assessments, OM testing, yard advice, stewardship advice... the list goes on!

For more information or to request a visit please contact one of the WUF advisers:

Lucinda Lewis (07824 904 877); **Mike Williams** (07920 441 215); **Tom Jolley** (07545 253 155); **Jonny Pugh** (07825 743 447)
Abi Croshaw (07990 068 941); **Claire Spicer** (07741 856 770); **Ben Nott** (07539 902 680); **Rebecca Meredith** (07539 902 681)

Support Available from Severn Trent in the Wye Catchment

**SEVERN
TRENT**

Severn Trent Water are working with the Wye & Usk Foundation to fund advice and grant schemes in the Wye on an annual basis. It is restricted to the Drinking Water Safe-Guarding Zone which follows the main rivers, so if you farm on the main stem of the Wye, Lugg or Frome and would like to improve a pesticide handling area or disposal options like biobeds or biofilters there may be funding available to support this. Contact one of the advisers below to check whether you are in the eligible area and would like more information.

As part of our Great Big Nature boost

(more information on the wider campaign at: <https://www.stwater.co.uk/about-us/environment/great-big-nature-boost/>),
we are providing completely subsidised trees for hedgerows and woodlands to farmers and landowners in the Drinking Water Safeguard Zone (subject to your application meeting our criteria). We are accepting applications for hedgerows, with a particular focus on gapping up existing hedgerows to connect the wonderful habitats that exist within them, and for woodland creation too.

If you are interested, please get in touch with one of the advisers below for an application form.

Work must be completed and after photos must be sent by **19th March 2021**

If you are interested in any of the above please contact one of the advisers below for more information

Catchment Advisers: Abi Croshaw (07990 068941) or **Mike Williams** (07920 441215)

Catchment Sensitive Farming (CSF)

Due to national restrictions to curb Covid 19 infections, we are sorry to say that CSF are currently only able to offer a very limited number of **high priority site visits** to farmers.

We can, however, discuss any issues you have with water and air quality over the phone or via email, so please get in touch with us via the contact details below. Some members of staff are having to juggle caring responsibilities at the moment, so please be patient with requests and we will do our best to get back to you.

Countryside Stewardship

In advance of the proposed 2021 CS Mid-Tier and Capital Grant Application rounds, in priority areas where CSFO approval is required, Catchment Sensitive Farming will offer guidance on applications that presents the **greatest opportunities for environmental benefits**.

Due to high levels of demand, CSFOs will be strictly limited in the number of priority applications that they can support. We are asking farmers or their agents to complete an **information form** so that we can assess their farming business and risks posed to water and air quality. If you would like a copy of this form, please get in contact with your local CSFO.

Herefordshire Wildlife Trust Ice Age Ponds Project

The HWT team recently ran a Webinar for Farmer/Landowner advisors about Ice Age Ponds and how best to manage them. They have produced an advice leaflet which incorporates feedback from the advisors.

It explains:

- Where they are.
- How they were formed.
- Why they are important.
- How to look after them. (what to do and what not to do).

The Webinar recording and the leaflet can both be found [here](#)

Agroforestry Research Project

Are you a local farmer? An MSc Environmental Management student from Herefordshire is looking to interview local farmers on their perceptions of agroforestry. Your opinions will be used to enhance understanding of the benefits and drawbacks of agroforestry from a farmer's point of view. If you would like to take part in the study, or for more information, you can contact **Mara Frisby** at mara2.frisby@live.uwe.ac.uk or call 07419 997 175.

Agroforestry and the Basic Payment Scheme

THE PRINCE'S
COUNTRYSIDE
FUND

The Prince's Countryside Fund/HFYFC Training Grants

As some social distancing and Covid-19 restrictions are being eased, a limited amount of training is starting to be offered, so if you are able to get something booked up, and are eligible to apply for this funding, please contact **Frances at Herefordshire Rural Hub** to request an application form.

The funding is easy to access. All you need to do is select which course you would like to go on and complete the application form. If your application is approved you will be able to reclaim **70%** of your training and test costs, up to a maximum of **£250**.

Applicants must be a current member of HFYFC or a past HFYFC member (up to 40 yrs old).

The fund will support training that will; *improve your employability, increase or improve your skill set, improve your safety or allow you to undertake extra responsibility in your current job.*

Whatever training you are applying for, please ensure that you submit your application form in good time before your course is due to take place, as training cannot be funded retrospectively.

For any queries or to request an application form, please email Frances at admin@herefordshireruralhub.co.uk

The Jack Hughes Fund - administered by Herefordshire Community Foundation

The Jack Hughes Fund is available to farmers and farm staff aged over 40 years working on a **Herefordshire** farm.

The amount of funding available is up to a maximum of 70% of the course cost to an overall maximum of £200.

The programme is available for farmers and farm staff aged over 40 (limited to one family member/employee per farming business per year).

It will specifically provide funds to support those who require:

- retraining or upskilling as they are leaving the industry
- training to support a new farm diversification enterprise
- training or business support for succession planning

Funding will also be available for farm related training courses (examples below)

- Safe use of pesticides – PA1, PA2, PA6
- Rodent control on farms
- Emergency first aid
- Food safety (Basic Food Hygiene)
- Chainsaw Maintenance & Cross Cutting (CS30)

Other courses will be considered on application

The funding is easy to access, but please note that the project will not support training retrospectively & places will be limited. Applicants need to be resident in Herefordshire.

For further details or an application form contact the **Herefordshire Community Foundation**

Covid-19 Safe Practise Instruction for 7Y Training Centre Courses

Information while attending a course/event at 7Y Training Centre.

How we are making training safe for you and your candidates

We will be implementing the following measures to keep your candidates and our employees safe:

1. Before the course date - If a candidate has any of the symptoms of COVID-19 (e.g., new persistent cough, high temperature, loss or change to sense of smell or taste) they must not attend training. We will provide a free transfer to a future course.
2. Candidates Arrival on site - On arrival at the centre, we ask that the candidate stays outside until they are called in, they can then check their temperature and sanitise before entering.
3. Social Distancing - We have put social distancing measures in place distancing 2m between desks/chairs and request the same of candidates during refreshment and toilets breaks. To do this we have reduced class sizes.
4. PPMs - Each candidate will receive a welfare pack on arrival which consists of personal hand-sanitiser, gloves, tissues/wipes, face mask and a pen. These boxes (as with all course paperwork) have been quarantined for 7 days.
5. Boxes - Each desk will have a welfare box; We would like to ask that candidates put any personal belongings that they have on the desks in the box during break-times so that all hard surfaces can be wiped down.
6. First Aid Courses - We will operate a 1:1 candidate to manikin ratio for CPR practice and AED use. We maintain our rigorous manikin cleaning protocols after each course.

Please register your interest for any of the following courses:

Course	Dates <i>(subject to change if numbers are low)</i>	Venue
C & G Safe Use of Pesticides (PA1) <i>Max 6 candidates per course</i>	15 th February 4 th March	Leominster

Wyvern Training Services Ltd

EMAIL: enquiries@wyverntrainingservices.com TEL: 07468 465 303

Whilst we continue to offer a small range of training events to clients that meet all current COVID guidelines and social distancing requirements we are now focussing on the courses on offer once restrictions are lifted.

All training delivered is thoroughly COVID risk assessed to ensure the safety of everyone involved. This does mean that the number of people able to attend can be reduced and that venues and facilities are required to meet all necessary and current safety, COVID and personal social distancing requirements.

We are currently building the programme that we hope to be able to offer from late February through to April including:

- | | |
|--|---|
| PA1 – Safe use of Pesticides. | PA2 – Hydraulic Nozzle Boom Sprayers |
| PA6 – Hand-held applicators. | PA3 – Air assisted blast and variable Geometry Sprayers |
| PA4 – Slug Pellet applicators | Abrasive Wheels |
| Chainsaw Maintenance and cross cutting | Rough Terrain and Counterbalance Lift Trucks |
| Emergency First Aid | Level 2 Food Safety |

Should you have any future training needs or requirements, please contact us to discuss them. We look forward to returning to more normal business, including reinstating our open course programme, once the guidance and advice allows.

“Farming Help” providing support for farmers affected by Covid-19

The Farming Help Charities – Addington Fund, Farming Community Network (FCN), Forage Aid, Royal Agricultural Benevolent Institution (R.A.B.I.), and RSABI, supported by The Prince's Countryside Fund - are working together to support the Farming Community during the current Coronavirus (Covid-19) outbreak. Utilising our Farming Help helpline (operated by FCN) and respective organisations/volunteer networks, we can offer the following local support. Get in touch on 03000 111 999 if you:

- Feel concerned or anxious and would like to talk to someone who understands farming, will listen to you and help you think through your options
- Would like help to draft a contingency plan to ensure you and your farm are prepared, should you be unable to work for a time.
- If you or people you rely on become ill or are self-isolating and you need to find help locally- we will endeavour to find support for you in your local area. We will source contact details of local organisations and groups who may be able to assist you in finding help to feed livestock, collect shopping or collect prescriptions if you are unable to do so.

Call **03000 111 999** or visit <http://www.farminghelp.co.uk>
