- HF to put together a map with annotations to go alongside the Action Plan to give a clearer understanding of what has been discussed.
- The group discussed next steps and whether the scope of the plan should be broadened out to other areas of the parish and minor roads.
- The group agreed that there should be a consultation process with the local community. Ideas to include household flyers with the same branding as NP, Roundabout, website, an overview which links to the Neighbourhood Plan and results gathered from that consultation process. Evidence from the community.
