

Meeting of Traffic Management Steering Group

Date: Monday 21st November 2022

Present: Huw Farey, Pete Jones, John Hulse, Peter Kirk, Huw Burton, Becca Libby, Vicky Hancock

- We have received an offer from Asst. Police Commissioner Paul Middlebrough to apply for grant funding of up to 5k to implement some form of traffic management in the settlement of Bredenbury.
- Discussion followed as to what would be the best use of this money. The amount would not lead to a significant form of management such as road marking/signs.
Options: Planters already discussed plus and additional planters, Village Gates, Speed Indicator devices (solar powered). The cost of SIDs would be ongoing. Where was the best place for them? How successful have they been in the past?
Members were asked to report back ideas/comments.
JH to contact PM and say were discussing options.

The meeting closed at 8.10pm

Next meeting TBA
