

Meeting of Traffic Management Steering Group

Date: Monday 20th March 2023

Present: Pete Jones, John Hulse, Peter Kirk, Huw Burton, Becca Libby, Vicky Hancock

- Update regarding the PCC Grant. There has been very little communication regarding the grant offer VH to send a reminder email. There is still an ongoing discussion regarding the amount of funding. We were promised funding in the 2022/23 financial year but this will not now be possible.
- Cllr Harrington requested material and a report of the work done so far regarding the request from the Parish Council for funding from Herefordshire Council so that the full plan could be implemented. Hugh Farey is to prepare the report. Any additional information to be forwarded to HF and sent to JH.

Updates for the TMG

- The January 2023 list for TROs does not include the one requested by Bredenbury Group Parish Council for an extension of the 40Mmph but still contains the one PC asked to be removed regarding double yellow lines outside the school.
- TRO/PROW/Locality Stewards personnel are to be TUPE over to Herefordshire Council from BBLP.
- The hedge along the A44 opposite Noakes has been cut as requested because of limited visibility.

The meeting closed at 8.27pm
